The undersigned **MILKLINE srl**, VAT no. **IT01058090331** based in **via Mattei, 4 Loc. Gariga 29027 - Podenzano Piacenza Italy**

declares

herewith that company **LIMITED LIABILITY COMPANY "ULICOM PLUS" 1, TEPLICHNAYA STR., OFFICE 4H 220114 MINSK BELARUS** is

its Dealer for BELARUS till 31/12/2018.

Milkline srl produces milking and cooling equipment according to all CE Directives (see example attached EC CONFORMITY CERTIFICATE for vacuum pumps and cooling tanks).

Milkline is specialist for all breeds of cows, buffaloes, sheep, goats, horses and even camels and its success has been developed since 1976 developing, producing, and delivering system solutions for successful dairy production.

Its sales network includes over 300 retailers throughout the country this along with a considerable number of worldwide spread distributors. A specialized technical staff is working with national and international research center to realize new products and milking technologies. This collaboration give life to a series of technologically advanced components that provide an efficient working of the installations, a complete system reliability and a major durability of the product.

Today milkline offers a complete product range for milk production: Milking parlours for cattle, sheep, goats and cow buffaloes; Milking Equipment; Vacuum systems and equipment; High-tech systems for breeding companies; Herd Mangement solutions; Milking trolleys for cows, cow buffaloes, sheep, goats, mares, she-donkeys and she-camels; Wide range of fences and livestock products for any animal.

Yours faithfully,
